

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ADVERTISEMENT TO THE LONDON EDITION.

THE plan and execution of this abridgement are already too well known to the public, to require any new explanation or encomium at the present day, after it has passed through six successive editions with such general approbation. Of the present edition it may be proper to observe, that considerable pains have been taken to have it accurately printed: not only have numerous typographic errors been corrected, but also occasionally some editorial oversights; and, upon the whole, there is reason to hope that it will be found to give satisfaction.

AN EXPLICATION OF THE SEVERAL MARKS USED IN THIS WORK.

- † Prefixed to a word, denotes it to be obsolete.
- ‡ Before a word, denotes it to be bad, or used only by writers of an inferior class.

Of, after a noun, is commonly the sign of a genitive case; as, ¶ The love of money increases, crescit amor nummi. I have ever been desirous of praise, laudis avidissimus semper fui. Unknowing of gall, inductus pilae. A creature capable of a noble mind, animal altæ capax mentis. I am afraid lest any of you should think so, vereor ne cui vestrum ita videatur. The elder of you, major vestrum. The eighth of the wise men, octavus sapientum. I am ashamed of my folly, me piget stultitiae meae. We are weary of our lives, rediet nos vita. They repent of their follies, ineptiarum suarum eos poenitet. I will make an end of speaking, finem dicendi faciam. I am desirous of returning, cupidus sum redeundi.

Of is sometimes the sign of an adjective possessive; as, ¶ Trappings of silver, Phaleræ argenteae. This plant-tree of yours, hæc tua platana. This poet of ours, hic noster poeta. That life of yours, ea ita

called, is a death, Vestra vero quæ dicitur vita, mors est.

Of is sometimes expressed by the prepositions A, ab, de, e, ex, in, per, super; as, ¶ I have heard it of many, a multis audiivi. He is praised of these, and blamed of those, laudatur ab his, culpatur ab illis. Of set purpose, de industria. A bed of soft flags, torus de mollibus ulvis. One buckler all of gold, clypeus unus ex auro totus. We were brought up together of little ones, una e pueris parvuli educati sumus. He followed out of hand, e vestigio sequutus est. The elder of two sons, ex duobus filiis major. Of all, or above all, things, I would have you mind this, super omnia hoc velim curis. What she could do, she could do of herself, quicquid potuit, potuit ipsa per se. But of this matter we have said too much, sed super hæc re nimis. You have a good friend of him, tibi is summus est amicus.

¶ The preposition is sometimes understood; as, ¶ Of his own accord, sua sponte. Of set purpose, dedita opera. They made use of many of our examples, pluribus nostris exemplis uti sunt. I will accuse him of certain crimes, eum certis criminibus accusabo. It is dear of a penny, asse earum est. I am of that opinion, ego istâ sum sententiâ. He is glad of the honor, honore letus est. Now I am glad of that, jam id gaudeo. I will ease you of this burden, ego te hoc fasce levabo. It is cheap of twenty pounds, vile est viginti unius.

¶ Of is also sometimes rendered by the superlative degree, as, ¶ He is none of the best, homo non probatissimus.—by Cum; as, ¶ He is of my mind, mecum sentit. And a dative case; as, ¶ A friend of mine, mihi conjunctus, vel familiaris.
